OFFICE OF LEGISLATIVE COUNSEL

Tuesday - ~~12x~~ 12 June 1962

STAT I. [] Met with [] and went over the membership of the Europe Subcommittee of House Foreign Affairs before which he was to testify later in the day. Also indicated that if he had any serious problems from the security standpoint that he should so indicate to the Acting Chairman, Representative Monagan, and the staff man, Franklin Schupp. I told him I would be in touch with the appropriate staff people prior to his testimony.

STAT Subsequently I did speak with Schupp as well as Boyd Crawford indicating there could be some problems if certain types of questions were asked although it seemed doubtful since Radio Free Europe was not the subject of the inquiry as such. Schupp assured me that they would cooperate and that Mr. Monagan was very cooperative in this type of matter.
